Driver License/ID Reader with High-Resolution
Digital Image Capture

M280

Advanced 2D and Magstripe Reader complete with High-Resolution Digital Image Capture and Verification

STANDARD FEATURES

- Full Color Image Capture
- Images Captured in JPEG Format
- Scratch-Resistant Cover Glass
- High Performance Barcode Reader
- Magnetic Stripe Reader
- Powered only via USB port
- Fast image capture and transfer time
- Easy operation to register Customer

Ideal for:

Governments	Patient Check-in	Law Enforcement	Age Verification	Visitor Management	Bar & Night Club Access Control

E-SEEK's Model M280 reads and decodes all electronic data from 2-dimensional barcodes. It's capable of scanning and capturing a complete image of an ID card or Driver License.

Simply place the ID or license on the scratch-resistant glass. With the press of a button, an image of the ID is captured in JPEG format and sent via USB port. This simple operation ensures efficient enrollment and verification during the customer registration process.

The M280 is an advanced, accurate and fast solution for all your digital capture and verification needs.

"Our clients love the speed and reliability of the E-Seek M280 scanner!"
